## COOLTUR TURISME CULTURAL

COOLTUR Cultural Tourism is a company that offers a wide range of tourist tours based on history and local heritage in Catalonia. Our team has created all the tours we offer. We are archaeologists and historians with a long experience in the study of history and heritage. We are passionate about culture and want to share our knowledge with everyone! This is why we create and guide our own tours.

## DO WE CREATE SYNERGIES?

We want to help you EXPAND YOUR TRADE OFFER, creating synergies with you.

In order to expand your commercial offer, we want to propose to create new day trips together. We can offer several routes of COOLTUR Cultural Tourism in a guided way (the guide would be in charge of one of the creators of each route !!!).

In addition, we can adapt any of our routes to the needs of each group.
