## COOLTUR TURISME CULTURAL

COOLTUR Cultural Tourism is a company that offers a wide range of tourist tours based on the history and heritage of Catalonia. All the tours have been created by us. We are archaeologists and historians with a long experience in the study of history and heritage. We are passionate about culture and want to share our knowledge with everyone! It is for this reason that we create and guide our own tours.

## DO WE LEARN THE HISTORY OF CIVIL WAR IN A DIFFERENT WAY?

We want to be a complement to the explanations learned in class. In addition, we believe in the great importance of making our history and heritage known to younger generations, as with knowledge there will be greater awareness of the importance of conservation.

For this reason, we propose you some excursions on the Civil War, to be able to broaden the knowledge on this warlike conflict.

## OUR OUTDOORS EXCURSIONS ARE DIFFERENT BECAUSE:

- Interacting with students
- We tell the story through the buildings
- We use supplementary material for our explanations
- We can answer the different questions that may arise
- We can adapt the route to the needs of each group
- We can offer supplementary dossiers for students
